

Capital Pancakes

Breakfast menu

We use only the very best ingredients, including eggs from free roaming chickens and full rashers of bacon.

The orange juice is freshly squeezed. The hollandaise sauce is fearlessly made with just the three original ingredients: egg yolks, butter and freshly squeezed lemon juice... no vinegar reduction, and nothing out of a cardboard box.

We attempt to have your breakfast on the table within ten minutes of taking your order. We sometimes don't make it when we are very busy, but it is not for the want of trying...
